Betreff: Follow up Mail: Cancer Science 2017, Baltimore, USA

Dear Wassil Nowicky,

Greetings from Cancer Science and Therapy 2017!!

We have already contacted you by e-mail earlier. We found that the mail was read but, as there was no reply from you we are honestly taking another opportunity to make a follow-up mail. Hope you will read and would like to discuss with us regarding your interest of participation towards our upcoming Cancer Science and Therapy 2017, Baltimore, Maryland conference.

Awaiting your reply

Regards,

Isaac Bruce

Dear ,

Greetings from Cancer Science and Therapy 2017!!

We are pleased to welcome you as an honorable speaker for the grand “25th World Congress on Cancer Science and Therapy” to be held during **October 18-20, 2017 at Baltimore, Maryland, USA.**

The success of the 24th Cancer Science conference series has given us the prospect to bring the gathering one more time for our 25th World Congress on Cancer Science 2017 meet in Baltimore, Maryland, USA. Since its commencement in 2011 Cancer Science and Oncology series has witnessed around 2500 researchers of great potentials and outstanding research presentations from around the world. Awareness of Cancer is becoming popular among the general population. Parallel offers of hope add woes to the researchers of Cancer Science due to the potential limitations experienced in the real-time. The conference strives to provide meaningful coverage on scientific ***perspectives for a better vision and to pioneer innovations in cancer treatment & care.***

The Conference provides the best venue for knowledge share, information gathering, discussions and networking across the entire audience category and also offers opportunities for scientific sessions, poster presentations, symposia and joint exhibits.

We sincerely hope that you will honor us by accepting our invitation to join us in October.

Regards,

Isaac Bruce
