Dear Dr. Wassil  
Nowicky,

Greetings !!

Thank you very much for your  
interest in ICOCS 2017

We warmly welcome you to  
take part in this prestigious event. This is to acknowledge that we have received your abstract entitled  
“NSC 631570  
(Ukrain) in the treatment of pancreas cancer”. We would like to take this opportunity to know your  
interest to be an Organizing Committee Member

Being an  
Director of “Nowicky Pharma” and President of the Ukrainian Anti-Cancer Institute. We hope you will  
honour us accepting our invitation to be an OCM for this prestigious event.

We are organizing this for  
first time in Australia we need your cooperation to make this conference successful.

Thanks and  
Regards

Jane Grace

ICOCS 2017 : Australia Speaker Invitation

Dear Jane,

Thank you for the  
invitation to the International Conference on Oncology & Cancer Science.

I accept your invitation to  
attend the conference as a speaker and send you the abstract attached.

Waiting for your reply,

Regards,

Dr.  
Wassil Nowicky

Dear Dr. Wassil Nowicky,

Greetings from ICOCS 2017  
Hope this email finds you in best of health & spirit

We welcome you

to attend “International Conference on Oncology & Cancer Science” going to be held in Sydney, Australia during June 12-14, 2017 on theme “Cancer Research towards contemporary therapeutics and restorative approaches”

In this regard we request you to deliver a talk on your recent research findings related to cancer/oncology. To know more about technical sessions please visit website

<https://www.cenetrionline.org/conference/international-conference-on-oncology-and-cancer-science>  
<https://www.cenetrionline.org/conference/international-conference-on-oncology-and-cancer-science>

Few Invited talks @  
ICOCS 2017

1. Histone modification proteins are essential for N-Myc driven gene transcription and oncogenesis by Dr. Tony Liu, The University of New South Wales, Australia
2. Biological and genetic factors associated to treatment resistance in diffuse large B-cell lymphoma patients by Prof. Ken H Young, The University of Texas, USA
3. Optimizing Tumor control probability in radiation therapy- Application to HDR cervical cancer by Dr. Eva K Lee, Georgia Institute of Technology, USA
4. Metabolic approaches in cancer therapy: A 7year, controlled study by Dr. Colleen Huber, Naturopathic Cancer Society, USA
5. Circulating Tumour cells- A tool in the management of oncologic patients by Dr. Toh Keng Kiat, Monash University, Malaysia

We sincerely hope you will honour us by accepting our invitation to attend the conference as a speaker. If you are interested you can submit your abstract and proposals on/before February 10, 2017 to [cancerscience@cenetriconferences.com](mailto:cancerscience@cenetriconferences.com)  
[cancerscience@cenetriconferences.com](mailto:cancerscience@cenetriconferences.com)

Hope to meet you in  
Sydney, Australia

Best Regards

Jane Grace
